Dear Patient and Family:

Your physician has ordered/recommended additional or continued services after you leave the hospital or inpatient treatment setting. \_\_\_\_\_, which is or is not affiliated and/or owned by the hospital, can provide the services or supplies ordered/recommended by your physician.

You have the right to select any provider to provide the care ordered/recommended by your physician. **This is your choice.** If you need more information before making this decision, please ask our Discharge Planning Staff who will be happy to assist and provide you with alternatives. A list of **Home Health** care providers who have asked the hospital to be listed is available for your review. Because we are unfamiliar with the policies and procedures of any of the other providers, nor whether or not they actually service the area where you live, we cannot make any recommendations concerning them. \* You should verify your provider of choice with the managed care organization responsible for your benefit management, as necessary.

Dear Patient and Family:

Your physician has ordered/recommended additional or continued services after you leave the hospital or inpatient treatment setting. \_\_\_\_\_, which **is or is not** affiliated and/or owned by the hospital, can provide the services or supplies ordered/recommended by your physician.

You have the right to select any provider to provide the care ordered/recommended by your physician. **This is your choice.** If you need more information before making this decision, please ask our Discharge Planning Staff who will be happy to assist and provide you with alternatives. A list of **Hospice** care providers who have asked the hospital to be listed is available for your review. Because we are unfamiliar with the policies and procedures of any of the other providers, nor whether or not they actually service the area where you live, we cannot make any recommendations concerning them.\* Your provider of choice should be verified by you with the managed care organization responsible for your benefit management, as necessary.

*Patient or Family: Please check one of the following:*

\*Caution: The listed providers for this service may or may not be Medicare certified and/or approved providers for your insurance benefit plan.

I have been given this list of Hospice Agencies who could provide care to my family member or me. I understand it is my right to choose the agency I desire without prejudice by the staff of this institution. I have checked and initialed the agency I desire to service my family member or me.

Note: Because of the numbers of agencies, it is impossible to list each one that could possibly service your geographic area. However, if you are aware of an agency not on this list that you choose to provide your services, we will be happy to call that agency with the referral.

\*These agencies are a part of the Jefferson Regional Medical Center Network
