

# COVID-19 Response Team

Jefferson Regional has an expert team of healthcare professionals handling all COVID-19 patients admitted to our hospital. To streamline care and minimize exposure, this team will handle all positive and suspected positive COVID-19 patients needing care at Jefferson Regional.

Naznin Jamal, M.D. and Abrar Khan, M.D. will lead the effort with our hospitalist team. Drs. Khalid Mohammad, Ali Al Nashif and JR Taylor will serve as the lead physicians when patients are admitted to Jefferson Regional's intensive care areas.

Jefferson Regional's healthcare leaders are on the front lines of COVID-19 care to ensure that our patients receive the highest quality care during this unprecedented event.
